

WOOD WIZARDS KITCHENS

Creating beautiful kitchens. One at a time.

Pull up a chair and take a seat, you're in safe hands.

Wood Wizards specialise in creating enchanting kitchens, built to match your wants, and designed to meet your needs. Transcending time and transcending trends; we've been installing timeless cabinetry for homes in the Melbourne community for decades.

From design through to installation and beyond, you will be filled with excitement and armed with confidence as we embark on your kitchen creation, together.

Whether you're just beginning your renovation journey or ready to get started, we're here to help.

Inspired by the heights of your imagination, and the depth of our experience.

Installing quality kitchens and other spaces, dedication to the task at hand, and honest customer service have been the cornerstones of our success, and the foundation of our reputation for consistent innovation at the highest level of kitchen design.

From concept to installation, our talented team will work in harmony with you and your home. We pride ourselves on our level of client service and attention to detail, going above-and-beyond to deliver unique and thoughtful kitchens, built exclusively around you. You won't find a company like us anywhere else, and you won't find a kitchen like the one we'll build you.

We also do so much more than create beautiful kitchens, our exquisite cabinetry speaks for itself and can be

installed across your home. If you're creating a kitchen with us, we'll turn our hands to custom cabinetry within any room that needs a little sprucing. The Wood Wizards Kitchens team meticulously design quality and completely customisable solutions for laundries, vanities, wardrobes, wall units, home offices and any other cabinetry conceivable.

Our People

We understand the essence of a well-crafted kitchen because it runs in our blood. For generations, our hands have shaped the warmth and character of countless homes. So our depth of knowledge and rich experience are not just inherited traits but honed skills that we bring to the heart of your living space.

Kitchens are our bread and butter.

Jordan sees kitchens as integral to his very essence; starting as an apprentice over 20 years ago, he now leads the charge at Wood Wizards Kitchens, alongside his wife Megan. Together, they foster long-standing partnerships that ensure every project is a testament to exquisite craftsmanship, intuitive tech and innovative design.

The diligent and diverse Wood Wizards team are the heart and soul of our business. They're a dedicated, talented, local bunch who will work closely with you from the moment you decide to build your dream kitchen. With a treasure trove of experience designing kitchens and living spaces, they're choc-full of concepts that can be tailored to suit your identity and home.

From your Wood Wizards Showroom tour, to the final reveal of your kitchen or living space, we are available to hear about your plans, and honestly provide experienced solutions. We love getting things right, the first time around – so open channels of communication, and attention to detail, are what we train in and focus on, ensuring every

element of your design is appropriate, appreciated and understood. We're always on hand to manage your end-to-end experience closely, whether it means multiple site visits to plan and conceptualise from within the space itself, or producing visual plans of the area to ensure the layout works for you and understand your perspective - our system works.

Our Process

Whether we're working with you on a small, one off kitchen or an entire home with custom cabinetry in every room - to us, they're the same. We never sacrifice on style, quality, or functionality - and our happy clients are at the heart of our business.

A bespoke end-to-end service, from the moment we meet.

STEP ONE

Let's take a look around...

We start off by visiting your house to get an understanding of your lifestyle. Take us on a tour and show us what your dreams and plans are. Seeing your space, and how you live, gives us a greater vision of what to create and helps us tailor your bespoke design.

STEP TWO

Come in to see us.

You will be invited to visit our showroom to review our proposal and quote. Here, we will go through all your drawings and continue to tailor and tweak your design to suit your needs and requirements.

STEP THREE

Let's go, together!

We are ready for your acknowledgment as a go signal to continue the magic on your designs.

At this stage, we require a deposit to confirm your acceptance of our terms and conditions.

STEP FOUR

Check twice, cut once.

Our Foreman will organise a time to meet with you on site to check measure and ensure the smooth delivery of your project. You'll work with our Interior Designer to select your materials and plans are then finalised with our Draftsperson.

STEP FIVE

The Production.

The real magic begins. Your project is now executed by our Foreman to the cabinet makers and trades.

Sit back and watch your space transform into your dreams.

STEP SIX

The Delivery.

The oooohh and aaahhhh stage... we're all done. And it's time to enjoy it.

Walk through your new space, admire the transformation and start making dinner plans - it's your turn to host.

Our Suppliers

Who we partner with matters. The magic of your dream kitchen isn't just in the craftsmanship, it lies in collaboration. We carefully choose our suppliers because who we work with is pivotal to bringing your vision to life. Each partner is trusted to match our passion and precision, ensuring that together, we achieve the exceptional standards you expect.

Handpicked partners, handcrafted kitchens.

Our supply partners include many of the biggest and best names in the industry. We pride ourselves on our long-standing relationships and trust with our trades-people and guarantee quality in everything we collaborate on.

Heartfelt words from happy clients...

"Embarking on a kitchen renovation could seem daunting, but with Wood Wizards, it was a journey of discovery and collaboration. From the insightful first meeting in their showroom to the final reveal of our stunning kitchen, every step was marked by professionalism and creativity. Jordan and his team made sure every detail was perfect, offering expert advice and clever solutions that transformed our space. We cannot thank Wood Wizards enough, they truly turned our kitchen dreams into reality. Plus, the local ties of all involved, from suppliers to tradespeople, made supporting the community feel all the more rewarding."

— **Helen & Dom, Black Rock**

"Working with Wood Wizards has been nothing short of amazing. They made our renovation process an absolute breeze. Jordan understood our vision for a clean, bright, and airy space and delivered exactly what we wanted (plus had some great ideas). The tradespeople were professional and skilled, and the entire project was hassle-free. Everything was just so easy."

— **Jayne & Darren, Sandringham**
